

HB No. 6343 from **Representative Roberta Willis**, I fully support this bill as well as
S.B. No. 495, Proposed H.B. No. 5228 and
Proposed H.B. No. 6350. I lived in Bridgewater but moved back to the city because there was no
infrastructure for a commuter like myself. I dreamed of the day that the train would reach New
Milford. You can make it happen. I would move back in a heartbeat.
Good luck and restore the railroad line!
